Griffe Montenapoleone by Vetrerie di Empoli

DIAMANTE RUBY BOTTLE

\$425

DESCRIPTION

This bottle can be used to serve and store whiskeys and other liqueurs and can be displayed alone or with the Capriccio bottles, to create a precious effect. The body and lid of this piece are entirely made in glass and, while the lid is transparent, the body was entirely hand decorated with a striking ruby color that complements its multi-faceted texture. The pure gold accent at the top adds a touch of luxury to the piece.
