## DICKENS WRITING DESK

\$4,610

### DESCRIPTION

A spectacular design of timeless charm, the Dickens writing desk pays tribute to the namesake 19th-century English writer. It features one poplar plywood drawer equipped with fully extractable, soft-close slides, internally varnished and externally upholstered with leather, synthetic leather, or fabric like the rest of the supporting structure. While the legs are made of lacquered solid beechwood, the top is fashioned of black walnut veneered MDF. Please ask the Concierge for further details.
