SET OF 6 CLASSIC DINING CHAIRS

\$5,585

DESCRIPTION

Classic and timeless, this chair is a delicate accent in a modern- or traditional-style decor. Fashioned entirely of wood, the rectangular frame is characterized by a central splat accented by a lower rail and flared sculptural legs in the Saber style. The U-shaped stretcher connects the four legs, a distinctive design element that mirrors the shape of the seat all the while providing additional structural support. Showcased with the same chair with armrests from the same collection, this chair will be a comfortable addition to a dining room or guest room.
