DIRECTOR'S CHAIR IN FOREST GREEN

\$185

DESCRIPTION

Used by glamorous movie stars, the design of the timeless director's chair is an elegant and modern addition to a contemporary decor. Either in multiples around a dining table or as an accent piece in an entryway or study, this will be a superb addition to any room, while its foldable mechanism allows for easy storage. Its structure is made of fine solid ash with a walnut stain. The water- and stain-repellent fabric of seat and back is made of 100% acrylic fabric in an intense shade of forest green. This superbly handmade piece features a seat 46 cm high and armrests 70 cm height.
