Gaetano di Gregorio

DOGE 1 VASE

\$460

DESCRIPTION

This stunning anthropomorphic vase is inspired by the centuries-old Sicilian ceramic tradition and its Moor heads rendered in fine detail and vivid colors. This piece was made by the expert hands of craftsmen of the Sicilian city of Caltagirone and represents the likeness of the Doge in Venice, the prince that guided the city in its golden years. Versatile and unique, this evocative vase unifies Venice and Sicily, two strong identities facing the Mediterranean, and can be used also as vase holder or umbrella stand.
