DOGE POCHETTE GOLD BOWL

\$420

DESCRIPTION

Playfully called "pochette" (pouch), this bowl is part of the Doge Collection and combines the opulence of 18th-century Venetian art with a modern silhouette. The modern and versatile profile is crafted entirely of glass with a textured surface. The exterior is plated in 999 silver bound to the glass at a molecular level using the SilvanSputteringAg technique, while the interior is painted in gold.
