Griffe Montenapoleone by Vetrerie di Empoli

DOLCE VITA LARGE EGG CONTAINER

\$435

DESCRIPTION

Part of the Dolce Vita collection, this unique box was made entirely in mouth-blown glass that was hand painted in delicate pastel colors and then given a satin finish that makes its curves opaque and ethereal. The top and bottom of the egg function as, respectively, body and lid of the box and are supported by a short stem resting on a round base. Precious pure gold accents add a warm, luxurious glow to the piece that can be displayed alone, or combined with others from the same collection.
