Griffe Montenapoleone by Vetrerie di Empoli

DOLCE VITA THIN CANDLE HOLDER

\$550

DESCRIPTION

This exquisite piece of functional decor is made in glass that was entirely hand decorated so that each part of its structure, from the round base to each curve of its stem to the final round top and cylindrical holder, is adorned in a delicate pastel-colored hue that has a matte satin finish, giving it a characteristic ethereal appearance. Thin bands of pure gold adorn the piece, giving it a precious touch. Either alone, or combined with other pieces from the same Dolce Vita collection, this object will add elegance and sophistication to any decor.
