DOMINO CONSOLE BY CIARMOLI QUEDA STUDIO

\$5,160

DESCRIPTION

The playful and minimalist design of this console by Ciamaroli Queda Studio is an elegant and modern addition to an entryway or living room where its contained shape will suit any size room. The brass base is made up of two rectangles with rounded corners positioned diagonally and supporting an identical shape with the elegant Travertino marble top. Two brass circles on the stone's surface hint at a domino piece.
