DOMINO GRAY ARMCHAIR

\$3,945

DESCRIPTION

Sleek lines and bold geometries are the hallmarks of this exceptional armchair that will add a sophisticated accent to a minimalist and modern outdoor decor. Reminiscent of innovative Bauhaus furniture, this armchair from the Domino Collection is defined by the combined teak and graphite powder-coated aluminum frame that is upholstered in a soft gray fabric. The inviting silhouette is defined by the cushion arrangement, with the square frame softened by semi-rigid armrest cushions, secured by cylindrical wooden slats for a dynamic look. The cushions have a quick-dry foam padding.
