DOMINO TABLE BY CIARMOLI QUEDA STUDIO

\$9,480

DESCRIPTION

This superb table is part of the Domino Collection by Ciarmoli Queda Studio, a playful series of furniture items whose silhouettes and decorative accents evoke the pattern of domino pieces. The wooden square top with charming brass circles on the rounded corners is supported by four brass open-rectangle legs featuring the same rounded corners. Light and modern, this structure imbues any contemporary interior with playful dynamism thanks to the diagonal position of the legs.
