### DOMUS ATRIUM COFFEE TABLE

\$1,980

#### DESCRIPTION

A singular design from the Domus Collection of numbered pieces, the Atrium Coffee Table features a striking, imposing top made from a trunk section of a solid cedar wood whose natural veins and imperfections are enhanced with resin and acrylic colors, painted by hand on the sculptural surface. It rests on a sleek iron base. All products offered are handcrafted one at a time. The raw materials used in the manufacturing process differ every time, consequently, there may be natural variations that are not to be considered product flaws.
