DONATELLO B CEILING LAMP

\$1,260

DESCRIPTION

Designed by Joe Gentile and Fabio Crippa of Studio ADL, this ceiling lamp will make a statement in a contemporary living room or dining room and can be displayed alone or combined with the other pieces from the Donatello collection. Its simple silhouette is crafted of black Marquina marble and the light shines from within the piece from a 45-degree cut at the bottom, that lets the interior silver "goldenshades" lacquer finish shining through.
