Fuda Marmi by Atelier Design Lab

DONATELLO D CEILING LAMP

\$1,140

DESCRIPTION

This minimalist lamp, part of the Donatello collection and designed by Joe Gentile and Fabio Crippa of Studio ADL, is a timeless addition to an entryway, a dining room, or a living room and can be combined with the others in the same series for a striking effect. It was crafted entirely of black Marquina marble and its triangular section features a cut at the bottom from which the light filters through, revealing the interior of the piece, lacquered with a silver "goldenshades" finish.
