DONNA ASSUNTA YVES KLEIN VASE

\$1,010

DESCRIPTION

Bold in its simplicity, this anthropomorphic terracotta vase is an iconic homage to Sicily's rich Moorish history. Depicting the stately elegance of a Moor lady, the artistry of the piece is exemplified in the intricate detailing of the sinuous headdress, jeweled crown, drop pendant earrings, and delicate collier. The vibrant blue matte glaze breathtakingly contrasts with the gold foil X-shaped decoration on the woman's eye, enhancing the allure of the gaze. Just as the eyes are the windows to the soul, this vase will be the focal point of any interior decor.
