DORIS TABLE LAMP

\$1,410

DESCRIPTION

Sleek lines and curves boldly come together in this sophisticated table lamp, making it an ideal accent for an end table or console in need of a chic focal point. Accented with details in chrome-finished brass, the standout feature of this piece is its eclectic body composed of black crystal pyramidal shapes stacked between small spheres, elegantly poised atop a square base. Topped with a square empire shade of black fabric, this table lamp will become an instant classic.
