DOUBLE EASTER 2 SERVING BOWLS

\$870

DESCRIPTION

Offer guests delicacies in these modern and captivating bowls. The structure consists of two rounded and flared bowls that are hammered and joined together by a small, curved sheet metal. The hinged lids are subsequently added and hammered, completed by a silver ball that is also the handle. This particular detail creates an eye-catching dance of contrasts between gold and silver, as well as the illusion that the ball could roll away at any moment. Defined by the satin exterior and shiny inside, these bowls are also available in a silver alloy, please contact the Concierge.
