DRAGONFLY PLATE

\$160

DESCRIPTION

This eclectic piece is a stunning accent to a modern home, where it will be eye-catching either alone or combined with other similar pieces boasting unique decorations. The rim of the plate is accented with a series of concentric red lines, adding a mesmerizing pattern to the white ceramic surface and focusing the viewer's attention on the dream-like scene that decorates its center. In it, painted in black with a 19th century style, a huge dragonfly ("libellula" in Italian) is seen leaning over a baby carriage.
