DROP CANALETTO COFFEE TABLE

\$4,655

DESCRIPTION

The precious and artistic Drop Canaletto coffee table stands out for the drop shape of the upper top in Canaletto wood. The supporting structure is in warm white lacquered and a matt finish; is composed of curved elements and is crossed by a central wooden crosspiece that ends with a sculpture-leg in alternating and turned solid woods. The general aesthetic flair, the small size and the soft and asymmetrical shape make it particularly versatile.
