DRUM LARGE WALL MIRROR

\$795

DESCRIPTION

This exquisite mirror was crafted using artisanal methods and its design is modern and sophisticated. It can be hung on a wall thanks to a solid wood hook that will support the saddle leather strip that functions as both a mounting and a frame for the round mirror below. The leather was dyed with vegetable pigments in a rich brown hue and the structure is secured thanks to the use of wooden screws. This piece will be a striking addition to an entryway, a bathroom, a bedroom, or even a living room.
