DUCALE SET OF 6 BLUE GLASSES + 6 BLUE WATER GLASSES

\$695

DESCRIPTION

Traditional craftsmanship and modern sensibility create a timeless set of six glasses (8 x 8 x H 13 cm) and six water glasses (8 x 8 x H 11 cm) that will enrich an elegant table on any occasion. The large spots in blue tones are combined with colorful "murrine" and silver leaf. Made of mouth-blown glass and entirely decorated by hand, these pieces are crafted with the "sommerso" technique, enclosing the decoration in a layer of transparent glass for a timeless look. The measurements and colors might slightly change due to the artisanal production of every piece.
