Plinio Il Giovane

DUETTO SOFABED

\$7,910

DESCRIPTION

Simple yet refined, this sofa can easily transform into a single or double bed, thanks to the clever design of its frame that can be completely detached or joined together without the aid of metal joints. Handmade entirely of wood, the bed slats are fixed in place using dovetail joints with wooden pegs, resulting in a light structure that can be easily moved to set up as bed. The single, large cushion is made of light-weight, hypoallergenic and ecological fillers with removable fabric covers in an alluring moss color. Customization available in a wide range of colors.
