DUNE CEILING LAMP

\$890

DESCRIPTION

Designed by Lorenzo Zanovello, this ceiling lamp is made in ceramic using hand-worked white clay that was then baked at about 2,000 degrees Fahrenheit and varnished using eco-friendly products. The striking texture of this piece is highlighted by the finish, which can be customized, and in this case is in burnished silver leaf. This modern piece of decor is also available as a sconce and comes with a 2 meter-long electrical wire (6.5 feet) for an E27 light of 20 watt lightbulb.
