ECHO SCULPTURAL MASK

\$1,050

DESCRIPTION

This eye-catching sculpture is a study of the myth of Echo, a mountain nymph whose ability to speak was cursed so that she was only able to repeat the last words anyone spoke to her. This sculpture is handmade in ceramic and covered by an acoustic mirror with a platinum finish obtained with a third firing to vitrify the metallic varnish. Elegant and unique, it is sure to add personality to any corner of the house.
