### DESCRIPTION

As its name suggests, this remarkable sofa is distinctive for its versatility that allows it to be used as armchair, small bed and coffee table. This is the result of the elaborated design of its double structure made of two identical elements that slide into each other by means of different joints. Entirely handmade of wood treated with pure linseed oil to enhance the grain, this sofa is completed by two large cushion seats and six smaller cushions functioning as arm and back rests in an elegant taupe color. Available in a wide range of colors.
