ECLIPSE 110

\$2,705

DESCRIPTION

Eclipse low and side tables are three indoor or outdoor round occasional tables with double tops: the peculiar design of the first top gives the name to the product. The powder-coated aluminum structure makes them light in weight and extremely reliable for any outdoor use. They come in a selection of RAL colors. This is Eclipse 110 outdoor version, the larger one, with 110cm diameter tops.
