Cipriani Homood

ECLIPSE ARMCHAIR

\$7,160

DESCRIPTION

Purposefully designed to let the black leather take center stage, the minimalist profile of this sophisticated armchair is enhanced by the barrel arms that hug the comfortable, deep cushion seat. The dark, conical legs play off the textured ivory and sand houndstooth fabric and visually recall the black leather top accented with an eye-catching stitching. Elegant and versatile, the generous proportions of this armchair are an invitation to lounge.
