ECLIPSE DINING ARMCHAIR

\$6,995

DESCRIPTION

Part of the Eclipse Collection, this elegant dining armchair features a curved silhouette finished with glossy mocha parchment (col. 008) raised on four conical feet accented with steel ferules. Both sides are accented with a single tear-drop piece that follows the profile of the chair and opens delicately towards the front to create a support for the arms. Providing a comfortable embrace, the sophisticated curve of the seating is upholstered with a refined fabric in soft gold. Designed to complete the Eclipse table, this armchair will look perfect in a bedroom or private office.
