ECLIPSE ENTRY ROUND TABLE

\$16,105

DESCRIPTION

This one-of-a-kind table was designed to be showcased in an large hallway, to provide a stunning focal point, either by itself or with large floral arrangements. Entirely finished with natural matte parchment (col. 102), the round top measures 115 cm and is supported by four C-shaped legs facing outward that connect at the center with an elegant design reminiscent of a blossoming flower. The round base is raised on a plinth and is finished, like the rest of the piece, with polished steel details.
