ECLIPSE RIGHT WALL SCONCE

\$4,765

DESCRIPTION

Evoking the phases of the moon, this alluring wall sconce will infuse timeless elegance into any modern decor. The piece features a celestial motif composed of a central onyx circle adorned with a smaller circular element and a tilted brass ring. A cylindrical light fixture behind the sconce illuminates the composition, supported by a sturdy, angular wall mounting. The distinctive combination of shapes and materials enhances the light, fanciful character of the piece.
