ECLISSI CEILING LAMP

\$740

DESCRIPTION

This superb ceiling lamp will make a striking statement in any room, thanks to its exquisite craftsmanship and the modern style of its silhouette. The Murano glass was mouth-blown into a cage in satin steel that has a hexagonal section and in which alternating parallel lines create a series of unique patterns that seem to barely contain the glass shade within. The light bulb is E27 max 100W (also available in UL E26 max 60W).
