Carlo Moretti

EFRA TABLE LAMP

\$1,020

DESCRIPTION

The elegant and modern design of this table lamp is the fruit of a 1984 collaboration between two masters: Carlo Moretti and Paolo Martinuzzi. A brass and iron structure with a charcoal gray finish supports two shades, positioned fluidly one into the other, both crafted of mouth-blown Murano crystal. The cylindrical element shades the light, while the soft bubble around it diffuses it.
