EGEA WHITE CHAIR

\$4,010

DESCRIPTION

A sophisticated and versatile addition to a modern home, this chair evokes the bold elegance of Art Deco furniture, while also hinting at mid-century charm. The structure in ash with a grey finish features an upward curved backrest supported by diagonal elements that become slanted legs. The cushions of back and seat are upholstered with Flash fabric in white, while the matte horn inlays and the bronzed-metal feet add a striking textural contrast to the piece. The upholstery is customizable upon request - please ask the Concierge for details.
