EGLOMISÉ WALL MIRROR

\$17,560

DESCRIPTION

This elegant object d'art was designed by Leo De Carlo and expertly executed by master glass makers on a solid wood structure with a natural finish. Its simple rectangular mirror with an antique finish is enclosed in an exquisite frame adorned in curls and flowers in Murano glass with a crystal hue. The decorations are made using a technique called Eglomisé, in which the back side of glass was gilded with silver.
