ELEDA MURANO GLASS TABLE LAMP

\$9,680

DESCRIPTION

Asymmetric volumes, straight lines, and alluring transparencies make this piece a superb object of functional decor that will create strong visual impact also when not in use. When lit, the surface of this table lamp sparkles with golden reflections, thanks to the cognac-colored mouth-blown Murano glass panels, enclosed in a metal structure with a burnished finish. The four LED 17.5W 3000K lights are integrated. Either to flank an entrance mirror on a console, a bed on nightstands or displayed in multiples around a living room, this lamp will make a statement.
