Antonio Ciulli e Figlio

ELEGANTE COINVOLGIMENTO 4-LIGHT TABLE LAMP

\$2,930

DESCRIPTION

The natural elegance of phytomorphic elements inspired this splendid table lamp, ideal to illuminate large spaces thanks to its four light sources, which radiate through a curved shade in white parchment with ivory hems. The graceful structure combines satin-finished details with components coated with burnished silver leaf, for a charming general gleam enhanced by the light. Prized crystal completes the design.
