ELEPHANT SILVER FRITZ-STYLE CANE

\$560

DESCRIPTION

Coming in an exclusive gift box, this elegant walking stick is crafted of solid black-lacquered beechwood in a conical shape with a glossy finish (also available in brown). The outstanding element of this cane is the handgrip in sterling silver showcasing a double decoration: a textural grain effect alongside an elephant-shaped, relief decor for an overall mesmerizing look. A striking addition to an exquisite canes' collection, this walking stick is unadvisable for support.
