ELYO BLUE AND GRAY SOFA

\$11,895

DESCRIPTION

Enveloping and capacious, this sofa exudes total relaxation thanks to its size and shape that allows for the body to completely lie down. Boasting an elegant design, its frame is made of stained oak wood, visible in the backrest bar only partly upholstered. A piece of essential sophistication, this sofa features two different covers: fine Moteado leather for back and armrests, and blue Brera fabric for seats and pillows, adding an unconventional eclectic allure to this remarkable piece.
