DESCRIPTION

A graceful aesthetic of refined textures mixes with masterful hand-craftsmanship in this 925 silver bangle bracelet. The intricate silhouette features artfully rendered imperial moth charms in a staggered arrangement, the moth's wings finished with an emerald-green enamel, evoking the smooth quality of precious stones. A dynamic statement piece, this bangle will be a well-received gift for a fashion-forward jewelry lover with earrings or ring from the same Imperial Moth series. Available also in brass upon request.
