## EMMA DINING TABLE

\$5,340

### DESCRIPTION

A visually striking piece of art, this dining table has an exuberant silhouette that immediately captivates with its soft lines and contrasting textures. The circular base and top are made of matte black FENIX NTM®, an innovative, nanotech material with a surface treated with acrylic resins. The canaletto walnut leg stands out with its pure and simple graphic silhouette made of three globes of decreasing sizes. A one-of-a-kind design with an industrial flair, this table can be customized in size and finish, and is also available in pairs for tables with large rectangular tops.
