ENCHANTÉ BLACK SCONCE

\$6,210

DESCRIPTION

Part of the Enchanté collection, this sconce was designed by Leonardo de Carlo and will add drama and elegance to a monochromatic entryway, powder room, or living room. Its structure in hand-forged iron with a black finish comprises a base masterfully shaped as opening leaves, supporting five branches covered in a fine net of Swarovski crystals. The arms support a total of eight E14 40W bulbs, shielded with shades in damask-printed fabric in the same black tones.
