ENIGMA GOLD TABLE BY GARILAB BY PITER PERBELLINI

\$5,910

DESCRIPTION

Designed by Piter Perbellini, the Enigma table is part of the Dream collection whose "fil-rouge" is everyday's life created through pieces that evoke a dreamy, magical atmosphere. Elegant and minimal, the fascinating base is made of aluminum with six elements shaped like question marks, arranged on a circular base, whose sinuous silhouette is further magnified by the luxurious golden finish. The round extra-clear glass top is the perfect complement to this majestic and sculptural design that will stand out in both modern and traditional decors.
