Olive Lab

EQUILIBRIO FLOOR LAMP

\$470

DESCRIPTION

Versatile and bold, this floor lamp with blend seamlessly with any minimalist decor thanks to its simple and unmistakable silhouette. This lamp has no structure without the presence of magnetic forces: two symmetrical tubes with ringed magnets on either end allow them to defy gravity and create a force strong enough to suspend in mid-air. This weightless design is fashioned of iron with a bronzed finish that diffuses a warm light in a living room, bedroom, or entryway decor. Recommended height: 165 cm from the floor, and 350 cm from the ceiling. To install the lamp, it is necessary to mount a fischer plug on the ceiling (no wiring is needed from the ceiling). The standard product can be installed in rooms having a maximum height of 3 m. The length of the cable is customizable.
