ESMERALDA BLACK CHANDELIER

\$6,455

DESCRIPTION

Satin-finished brass disks enclosing a royal-cut crystal and brass rings dangle from the center of this stylish chandelier, creating a pyramid that catches the light and creates a sparkling effect. A double-lined black fabric drum shade adds a dramatic look, framing the polished-gold metal structure that holds eight E14 max 5W bulbs that will diffuse ambient light in a mid-century modern dining or living room. This piece is also available with polished chrome, satin gold, and satin nickel finishes.
