ESOTICA SMALL CABINET BY FERDINANDO MECCANI

\$4,390

DESCRIPTION

A combination of strong, clean lines and impeccable hand-craftsmanship defines this timeless design by Ferdinando Meccani. Crafted of dark-stained wenge, this cabinet of the Esotica Collection has a mid-century, modern inspiration, whose solid construction measuring 80 x 45 x 85 cm can be customized upon request. Divided in four square compartments, the open top provides a versatile display surface for books, collectibles, and media, while the lower paneled doors feature a central opening with a top cut-out hole as knobs. Also available in walnut, American dark walnut, cherry, maple, and oak. Designed in 1972.
