LIGHTING : TABLE LAMPS

Matlight Milano

ESSENTIAL CUBIC TABLE LAMP

\$1,100

DESCRIPTION

The Essential range keeps the component of marble and stones, also precious, as a recognizable element of Matlight Milano, but it is streamlined in the vertical development with harmonious, light and essential shapes and volumes. The characterizing elements of this line are the reinterpretation of the classic concept of the lampshade, that is the contrast between two fans in contrast with each other for measurements and materials, or the total absence of them, to obtain very special forms and light games. The Cubic Collection plays with shapes that start from the base of the lamp structure, leading to the lampshade in a staggered and asymmetrical way. Almost like cubes of complementary colors merging into each other to enclose the light that emerges from the center.

DETAILS & DIMENSIONS

- Material: Black Marquinia Satin Brass
- Dimensions (in): W 15.75 x D 8.66 x H 27.56
- Dimensions (cm): W 40 x D 22 x H 70
