ESSENZA VASE

\$1,000

DESCRIPTION

This striking vase makes a statement in any environment it is placed, thanks to its unique structure resembling a sculpture made entirely by hand in copper with supports in white bronze. The sophisticated silhouette of this vase is enhanced by the combination of the two textures and colors used. This is not just a simple vase, but almost a phial destined to contain the most precious things. Thanks to its timeless allure, this piece can be displayed in any decor.
