ETEREO WALLPAPER

\$190

DESCRIPTION

Entirely crafted and painted by hand, this stunning wallpaper will add a bold accent to an entryway, private studio, or living room in mid-centuries, modern interior decors. The design is painted on high-quality textured paper with a hunter-green background enriched by circles of white tissue paper hand-applied in overlapping layers. The mesmerizing visual effect calls to mind a blurred close-up of raindrops splattered on a window pane. This one-of-a-kind wallpaper is sold per square meter.
