ETNA STOOL DESIGN BY MARTINELLI VENEZIA STUDIO

\$3,065

DESCRIPTION

Slender metallic legs are shaped to create a three-dimensional geometric design that supports this striking stool. Part of the Tarsie Geometriche Collection, this piece features a rounded iron structure lacquered with an opaque black powder, while the top is made in engraved lava stone with a honed finish. The combination of both materials results in a modern seat with influences from ancient times. Available also white and red.
