### DESCRIPTION

Entirely hand-woven in Nepal using 100% Tibetan wool, this sophisticated rug is part of the Dalle Gioie degli Etruschi Collection, a Boralevi exclusive piece designed by Linde Burkhardt. The design is composed of two concentric squares in plain bright red and blue with three-branches bushes, framing a light gray square center with flying pink birds. Unique and elegant, the naturalistic elements inspired by Etruscan artifacts come together to make this rug a timeless addition to both classic and modern decor.
